	Allow Trusted Locations	on my network (not recomm	ended)
Form-based Sign-in			

In Excel, click on Files... Options. Then:

- 1) Click on Trusted Locations
- 2) Click on Add new location...
- 3) Click on Browse and select the folder where the addin file is located
- 4) Check the box concerning subfolders
- 5) Click on OK to close all windows

Update the addin

Please visit our website to see
if a newer version is available:

www.difference-gcs.com/en/addin

 If yes, close all Excel windows.
Then download and overwrite the addin file (you may need to unblock it again)
